

Cigaret Tax Bill Gets State House Committee's Okay

Urged as Necessary to Permit Reduction of Illinois Sales Tax

BULLETIN
Springfield, Ill., April 16—(AP)—The Senate revenue committee today gave speedy approval to oil and liquor tax measures recommended by Governor Green to partially offset a proposed reduction of the three per cent sales tax to two per cent.

Without opposition the committee, headed by Senator Charles W. Baker (R-Davis Junction), voted the measures out to the Senate floor with a recommendation that they be passed. One bill would levy a three per cent production tax on oil and the other would double present beer and liquor tax rates.

Springfield, Ill., April 16—(AP)—The Rennie bill carrying out Governor Green's proposal for a two cents a package state tax on cigarettes was reported to the house floor today with a "do pass" recommendation from the revenue committee.

The bill received a favorable recommendation from the G. O. P.-dominated revenue committee last yesterday after Finance Director George B. McKibbin said the new tax—estimated at \$10,000,000 annually—was necessary to permit cutting the state sales tax to two per cent.

A bill to place a three per cent tax on oil production, another of the replacement taxes recommended last week by the governor, was tentatively scheduled for a hearing late today before the senate revenue committee.

The cigarette tax bill, introduced by Majority Leader Frederick W. Rennie for the administration, fixes a tax of 1 mill per cigarette—or two cents for each package of 20—to be collected through issuance of tax stamps affixed to each package.

A flurry of Democratic protest led by Rep. Thomas A. Bolger (D-McHenry) against the cigarette levy marked the house revenue committee hearing, before the bill was sent to the house floor by a vote of 26 to 5.

Bolger asserted that the finance department had "underestimated" its income for the next two years by at least \$20,000,000, citing reports that the state sales tax had increased in revenue about \$10,000,000 yearly since 1938.

Court Cuts Revenue
Finance Director McKibbin challenged Bolger's estimate and said a recent court decision exempting building material dealers from payment of the sales tax would cut the state's revenue about \$10,000,000 yearly.

"It is necessary to have this cigarette tax enacted if we are to balance the budget without levy."

New Structure on West First Street Planned by I. N. U.

George B. Fluhr, vice president of the Illinois Northern Utilities Company of this city, today announced an extensive building program to provide added floor space for several overcrowded departments at the home office here, in the erection of a modern fire proof building at First street and College avenue. The new building will be erected on property with an area of 150 feet on First street and a depth of 300 feet north to the switch tracks.

Through the F. X. Newcomer Agency several buildings were sold at auction Saturday which are to be removed within a period of 15 days from the date of sale. The two-story store building at First street and College avenue was sold to the Dixon Veterans Club, Inc., for \$215; a modern frame cottage owned by James J. Lubring at 66 College avenue, was purchased by George W. Lindquist for \$925; a two-story brick house on First street belonging to the William Smith estate was purchased by George W. Lindquist for \$80 and Dr. S. Chandler Bend purchased a two-story dwelling and garage on the William Smith estate on First street for \$225.

The contract for preparing the plans and specifications for the new building was awarded to Architect John R. McLane of this city.

When completed the new structure will serve as a combination warehouse and service building, housing the work shop department and will provide auxiliary offices which will relieve the present congested conditions in the office building on First street. The company expects to rush completion of the new building this summer to be ready for the occupancy of the several over-crowded departments as early as possible.

Job Must Wait

Jacksonville, Ill., April 16—(AP)—To Uncle Sam he's Private T. J. (Joe) Doyle but to his neighbors he's Alderman Doyle of the Third ward. Although Doyle was inducted into the army a week ago, voters elected him to the city council in yesterday's municipal election. The vote was 977 for Republican Doyle to 675 for his Democratic opponent, Walter J. Quinlan. Doyle's neighbors said his city council job would have to wait until he finishes his tour of duty with the army.

Editor of Chicago Italian Language Paper Is Murdered

Chicago, April 16—(AP)—John F. Arena, 43, editor of an Italian language newspaper, was shot to death on a northside street last night after leaving a movie with a girl companion.

Police Capt. Patrick O'Connell expressed belief today that Arena was killed because of his "publishing activities."

He was editor and publisher of La Tribuna, a newspaper he founded after serving as editor of L'Italia, a tri-weekly.

Arena, who claimed noble birth, recently conducted an editorial campaign against what he termed "fifth column" activities of persons in official Italian circles here.

His wife, Dorothy, 32, told police he had received numerous telephone threats from anonymous callers who warned him to "change the tone of his editorials."

Received Warning
The slayer accosted Arena as he was about to enter his parked car with Miss Eleanor Hermeyer, 17. The assassin called attention to a flat tire and when Arena stepped to the front of the car he was shot twice with a pistol. The slayer escaped in an automobile driven by an accomplice.

Miss Hermeyer, a dramatic soprano, described herself as a protégée of the slain man. She said he had helped her with music and voice studies.

Miss Hermeyer told police she was in Arena's office two months ago when he received a telephone call from New York. When he hung up, she said, he commented: "I'll have to get a bullet-proof vest, I guess."

Arena explained, she said, that the call was from an Italian official who told him to stop writing certain articles in his paper.

HAD AIDED DIES

Washington, April 16—(AP)—The house committee on un-American activities announced today that John Arena, Chicago newspaper editor, had supplied information to the committee on fascist activities in this country a few hours before he was shot to death last night.

The committee also made public a statement from Chairman Dies (D-Tex.), now in Orange, Texas, demanding that the Federal Bureau of Investigation protect committee witnesses and informers.

A committee representative asserted that Arena, editor of the Italian language La Tribuna, had published editorials recently "attacking the Chicago Italian consulate as the ring leader in and about Chicago."

Had Letter of Thanks

Denver, April 16—(AP)—Senator Wheeler (D-Mont.) predicts that trial American convicts soon may be sent to Africa and South America. "If the public accepts these convicts then convicts will be sent through the war zones. Then there will be shooting, and then we will be at war," he told a mass meeting last night sponsored by the Colorado chapter of the America First Committee.

Coal Submerged 12 Years Ago for Emergency Keeps Zinc Works Going

Danville, Ill., April 16—(AP)—Buried under 10 feet of water for almost 18 years, an emergency supply of 17,000 tons of coal today prevents cessation of work at one of Danville's vital national defense industries.

Working "around the clock" to provide the nation with a part of its valuable zinc supply, the Hegeler Zinc Company's big smelter here had to call on its buried treasure April 1 when work stoppage in some bituminous mines cut off its daily supply of the precious fuel.

In December, 1923, executives of the company decided to bury a supply of coal for use in some fuel shortage emergency. Two months later a huge pit, 35 feet deep and half a city block square, had been excavated on the smelter plant property. It was almost filled with screened nine-run coal purchased in this vicinity.

Suicide's Body is Found in Kitchen of Polo City Hall

Clayton Stull, 41, Takes Own Life by Opening Every Gas Jet

(Telegraph Special Service)

Polo, April 16—Clayton Stull, 41, a WPA worker employed on the Polo school lunch project, was found dead in the kitchen of the city building at about 6:30 o'clock this morning, all of the 18 gas jets in the room wide open and cracks about the doors and windows stuffed with paper and dish cloths. A jury summoned by Coroner J. C. Akins of Forreston and composed of Roy Beck, Frank Wales, Henry Livingston, Charles Davis, Lola Barnes and Charles Smith later found that Stull had come to his death by asphyxiation with suicidal intent.

Stull's body was found by C. E. Bamforth, Buffalo township supervisor, whose office is in the city hall, and who, when he went there this morning, heard and smelled escaping gas. Thinking a gas pipe might have sprung a leak he started an investigation which took him to the kitchen in the basement, to which Stull, as an employee on the lunch project had access.

All Gas Jets On
Looking through the glass in the service door between the dining room and kitchen, Bamforth noted that all the gas jets were turned the same way, and he entered to determine if they were open or shut. The heavy fumes forced him to withdraw and as he did so he noticed Stull's body. It was necessary to call the I. N. U. Co. office and have the gas turned off before the unfortunate man's body could be removed.

The Polo fire department's inhalator squad was called but the attending physician pronounced Stull beyond their aid. None of the deceased's family could furnish any information as to his motive in taking his own life.

Clayton Stull was born on a farm west of Polo Nov. 26, 1899, the son of Loomis and Alice Stull, and was married Nov. 26, 1926 to Mrs. Grace Maxwell, who survives, together with his parents; two children, Donna Sue and Donald; three step-children, Merle, Kenneth and Lavonne Maxwell; five brothers, Clarence of Rockford, Maynard of Youngs-town, O., and Lawrence of Joliet; and four sisters, Alice at home, Mrs. Ruth Holby of Rockford, Mrs. Florence Allen of Mount Morris and Mrs. Mary Rucker of Belvidere. Two brothers, Herman and Frank, both of Polo, preceded him in death.

Funeral arrangements had not been made today and will be announced later.

West Brooklyn Fire Protection District Sought in Petition

Attorney Fremont Kaufman of this city today filed a petition with Judge Grover Gehant in Lee County court to establish the West Brooklyn fire protection district. The territory proposed to be served extends about 11 miles north and south of the village of West Brooklyn to provide fire protection to rural residents in Brooklyn, Viola and sections of Bradford and Lee Center townships.

The West Brooklyn fire department possesses a new and modern fire truck fully equipped and with an organized fire department, which will serve the proposed additional rural territory in addition to the village.

Decision on Issue of Convoys is Put Off Until April 30

Senate Committee Has Agreed to Postpone Its Consideration

Washington, April 16—(AP)—Avoiding an immediate showdown on the convoy issue, the Senate foreign relations committee agreed unanimously today to delay until April 30 consideration of a resolution forbidding the use of American naval vessels for convoy purposes.

Members reported that the anti-convoy resolution, proposed by Senator Tobey (R-NH), was made the "principal order of business" for April 30. In the interim, they said, the state department will be asked to express its views on the proposed ban.

Tobey told reporters he would keep working to line up support for his proposal. "It is very evident," he asserted, "that the committee did not wish to meet the issue today."

Tobey and Senate Majority Leader Barkley engaged in warm argument on the issue yesterday. The committee's deliberations on the convoy question at this time assumed added significance because of President Roosevelt's statement at a press conference yesterday that American merchant ships traveling the world's sea lanes outside of prohibited combat zones would be accorded full protection.

Question of Law
Emphatically, Roosevelt told reporters, such protection was not a question of policy but a matter of law. Some legislators speculated that his statement meant, in effect, that naval escorts would be provided any time a vessel under the American flag faced potential danger in delivering her cargo.

Such potential danger might arise, authorities generally agreed, if and when United States ships undertakes to deliver munitions to Egypt, through the newly opened Red sea route, for transshipment to British forces operating in Africa and Greece.

Roosevelt removed the Red sea route from the list of prohibited zones last week and indications were that the purpose was to ease the load on British shipping by making it possible for American ships to deliver supplies to ports near the British expeditionary force.

Await Ruling
However, some authorities recalled today that there still was a legal question as to whether American ships under such circumstances could transport actual war materials. An early ruling

Deadlock in Mine Wage Conference May Break Early

Federal Conciliator is Optimistic: Other News of Labor

By The Associated Press

A quick break in the wage deadlock which has paralyzed most of the nation's soft-coal industry this month was forecast confidently today by John R. Steelman, director of the United States Conciliation Service.

He said a contract which would open a majority of the mines was "very nearly in shape" for possible signature later today by representatives of the C. I. O. United Mine Workers and northern Appalachian coal operators.

A final effort will be made to bring southern operators into the accord as well, he added. They bolted the contract conference recently saying they would not agree to elimination of a wage differential between northern and southern fields.

The old contract which expired March 31 provided wages of \$6 a day in northern fields and \$5.60 in the southern area. The union asked a flat \$7 scale in both districts, but the southern operators declared that elimination of the differential would force many of them out of business. They countered by offering the union an 11 per cent wage boost.

Northern operators were reported willing to pay the \$7 scale asked by the union.

More Gunfire Reported

An outburst of violence, centering around the mine dispute, took four more lives yesterday in Kentucky, bringing the death toll to nine during the course of the tie-up. More gunfire, but no deaths, were reported in the mining country around Widen, W. Va.

The steel industry continued to have its labor troubles, despite the action of many companies, large and small, in raising employees' wages 10 cents an hour.

Union employees of the Stanley Works, Bridgeport, Conn., steel plant, struck last night for a similar increase. C. I. O. Steel Workers Organizing committee agents scheduled a conference today with officials of Jones & Laughlin Steel Corporation to extend the wage hike to that firm's 21,000 employees. A unit of the same union called a strike against the plants of the Birdsboro Steel Foundry & Machine Company at Reading and Birdsboro, Pa., because, leaders said, an independent union in the plants refused to agree to a bargaining election.

More than 1,400 C. I. O. employees rejected a proposal that they return to work at the Phelps-Dodge Copper Products Corporation plant at Elizabeth, N. J., pending negotiation of their de-

Vast Number of Mexican Cities Hit by Temblor

(By The Associated Press)

Mexico City, April 16—Thousands were homeless and the dead and injured still were uncounted today as the government rushed aid to stricken cities and towns of seven states in the wake of devastating shocks in Mexico's southern earthquake belt yesterday.

Communications were crippled and the full magnitude of the property destruction and human toll, especially in the more remote sections, may not be known for days.

Colima, capital of Colima state, 275 miles west of Mexico City, appeared to be hardest hit of the towns able to communicate with the capital. Governor Pedro Torres Ortiz radioed that half of the city's 15,000 residents were homeless, dead, or injured.

Colima volcano, near Colima, erupted, Governor Ortiz said, kindling forest fires that seriously menaced the shattered city.

Capital City Damaged

Mexico City sustained damage estimated unofficially at more than \$1,000,000 when heavy shocks wrecked buildings and started a fire in the industrial area that leveled a square block.

The temblor, which began with violent shocks lasting five minutes in Colima, tapering off in a series of lesser tremors, apparently centered in the historic earthquake center of Chilpancingo, about 50 miles inland from the Pacific coast resort town of Acapulco.

(Chilpancingo is about 700 miles due south of Laredo, Texas.)

Destruction and undetermined numbers of casualties were reported from Guadalajara, capital of Jalisco state and Mexico's second largest city; Manzanillo, important Pacific coast port; and a dozen other cities across the country—as far east as Matamoros in Vera Cruz state which borders on the Gulf of Mexico.

Truck and Cargo Burn After Accident North of Polo This Morning

He escaped injury. The Polo fire department was called and fought the blaze from shortly after 2 until about 7 o'clock.

Morning Surprise

Apparent Collapse of Yugoslavia is Blow to Allies

BULLETIN

Cairo, Egypt, April 16—(AP)—British general headquarters said today that the Duke of Aosta, Italian Viceroy of Ethiopia, had sent an envoy to the British headquarters in southern Ethiopia.

It was not known here whether the duke's envoy was commissioned to discuss terms of surrender or removal of Italian women and children from Ethiopia.

(By The Associated Press)

Wide-open battle flamed along the entire British front in Greece today, and the Germans acknowledged that Hitler's blitzkrieg invasion was meeting "stubborn" resistance after previously asserting that the allies were in headlong retreat.

"Our troops are now in contact with the enemy along the whole of our front in Greece," the British Middle East command said tersely. It was apparent that a climactic struggle which may decide the fate of the Aegean kingdom was fast developing.

D. N. B., the official German news agency, said hundreds of British prisoners, including engineers—from the English midlands, Australia and New Zealand—had been captured by nazi infantry in "hard fighting" in the mountains.

British quarters in Athens said German panzer spearheads were executing savage thrusts, but declared that nowhere had they over-shot the new allied defense line.

The apparent collapse of Yugoslavia, coupled with a 65-mile German break into northern Greece, gave a darker turn to events for the allies, however, in the 11-day-old battle of the Balkans.

London conceded that the situation in Yugoslavia was bad.

Hitler's high command reported the capture of Sarajevo, central Yugoslavia, where the assassination of Archduke Franz Ferdinand touched off the 1914-18 World War, and declared that "thousands of Serbs" were surrendering.

Nazi Pressure Increases

The Greek legation in London asserted, however, that several "weak and doomed" Greek forts, isolated in eastern Macedonia when the Germans captured Salonika, were still holding out under terrific artillery and dive-bombing attacks.

Information reaching London indicated that Yugoslavia no longer had unified control over her armies, but it was believed they would continue to fight as guerrillas.

The German high command, which last week asserted that the Serb army was "destroyed," declared today:

"The remnants of the Serbian

Do you know that roundworms can cause great distress? And they are so easy to catch? That thousands of grown-ups and children have these bowel worms without even recognizing the symptoms.
So watch out for these signs: Fidgeting, itchy nose and seat, uneasy stomach, restlessness, sleep. If you even suspect roundworms, get Jayne's Vermifuge to drive them out before they can "get set" and cause trouble.
Jayne's is America's leading proprietary worm medicine—used by millions, for over a century. It expels stubborn worms, yet acts very gently. When no worms are there, it works just as a mild laxative. Play safe! Ask for Jayne's Vermifuge! At all drug stores.

joyed Easter in the home of Mr. and Mrs. Herman Greenfield, Sr., by Mr. and Mrs. Ed Greenfield and Henry Mortenson of Oregon, Mr. and Mrs. Clarence Greenfield and son, and Miss Catherine Withey of Dixon, and Mr. and Mrs. Herman Greenfield, Jr. and daughter Evelyn of this place. Afternoon callers were Mr. and Mrs. Dick Greenfield and family and Richard Royster of Dixon.

Pine View Election
At the school election Saturday night for the Pine View school north of town Jay Miller was re-elected director to serve with O. D. Buck and Walter Beachley for another year.

Buried Here
The remains of Mrs. Alma Sloggett Martin were brought here for burial Saturday afternoon.

Rev. A. J. Tavenner had charge of the graveside services. Funeral services were held at the Centennial Methodist church in Rockford Saturday afternoon at 2:30. Rev. A. J. Tavenner officiated at the service.

Mrs. Martin died Thursday afternoon at her home in Rockford, presumably of a heart attack. She

collapsed and fell to the floor as she was seated in a chair.

Mrs. Martin was born on the Sloggett farm northeast of town, July 3, 1906. She was united in marriage to Royce Martin May 15, 1926. The family has been residing at the Loves Park address for the past 14 years. Mrs. Martin was a very loyal member of the Centennial Methodist church.

Surviving are her husband; three children, Robert 11, Donald, 6, and Paul, 2; her aged father, John Sloggett, and step-mother, and a sister, Mrs. Esther Miller of Franklin Grove. A step-sister, Mrs. Richard Sunday of Ashton, also survives. Her sister, Mrs. George Miller will keep the two youngest children and Mrs. Richard Sunday will keep the oldest boy until further arrangements can be made.

Churches Well Filled
The people in this community had the rare pleasure of enjoying one of the most perfect Easter Sundays that has been for several years. All four ministers report very large congregations in the morning worship hour. In the Presbyterian church, Rev. Louis Grafton baptized the infant daughter of Mr. and Mrs. Dan

Craig of Rochelle; Rev. Henke in the Lutheran church served the holy communion. In the Church of the Brethren Jackie Grady received the rites of baptism by Rev. S. L. Cover. Rev. Dreger in the Methodist church baptized the infant daughter of Mr. and Mrs. Donald Butler of Palmyra, Mo., and received into membership a group of twelve, nine of whom were adults. The choirs in all four churches furnished special Easter music. Beautiful Easter lilies were very plentiful. Those which had been purchased by the churches were sent to the homes of shut-ins, which certainly we know, brought a source of happiness and very pleasant thoughts.

Betty Moerschbaeher and James E. Bales Wed Today

White brocaded organza fashioned the princess-style wedding dress that Miss Elizabeth Anne Moerschbaeher wore when she became the bride of a young Dixon attorney, James E. Bales, this morning at St. Patrick's Roman Catholic church.

Betty's gown, youthfully simple, had a sweetheart neckline, a fitted bodice, long sleeves which were close-fitting from shoulder to wrist and extended in points over the back of her hands, and a full, flared skirt extending in a short train. Her fingertip-length veil was held to her coiffure with a wreath of orange blossoms, and her sandals were white satin.

In her bridal bouquet, white roses were combined with white sweetpeas, with sweetpea florets knotted into a

SERIAL STORY

LOVE POWER

BY OREN ARNOLD

YESTERDAY, Dr. Robert Hale, young scientist and his assistant, Leana Sorni, stand in awe of the modern miracle they have performed. Hurriedly, they lock their laboratory, plan to place a guard over their secret. Meantime, Dr. Hale has advertised for a secretary. At his office he finds Carolyn Tyler, beautiful, charming. Salary is no item, but he warns her of the secrecy, the danger that must surround her work. She is not afraid. "But this," Dr. Hale continues, "is something that will revolutionize civilization!"

CHAPTER II

"THIS can be your desk. It's by a window. . . . Your typewriter needs a new ribbon. . . . Your notebook can rest on the desk arm, thus. . . . I can lower your chair, you are not as tall as I. . . . If I walk about as I dictate, don't be distracted, please. . . . You must weigh about 120 pounds, don't you, Miss Tyler?" It was Carolyn's first chance to get in an answer. He had been speaking in a monotone, getting her settled with meticulous attention to details.

"Only 118," she corrected. Then added, half amused, "Must I pass a physical test, too?"

"Oh, no! I—I was just noting how becoming your street dress is. I am sensitive to all sorts of phenomena. It is unimportant at the moment. Immediately, we must hire a guard. Men, with guns. I have no idea where to get them!" Carolyn looked her surprise. She noted that he was gazing off now, frowning. Something inside her told her to take the initiative; here, maybe, was her chance to make

good with him at once! An exceptional job with exceptional pay, the advertisement had said. Well, it meant she had to use her head, no doubt.

"I'll get them," she volunteered blindly. "How many men, Dr. Hale? And what salaries? And where—?"

"Oh. Why, any salary necessary. You must understand that money is no object here now, Miss Tyler! We are amply financed. We have something of transcendent importance. All former requisites, all of human thinking, must be reorganized so as to—"

"Goodness! Then, no doubt, we can buy the necessary guns. What kind? And how many?"

"Why, a dozen men at least. On all sides of the main laboratory yonder to see that absolutely no one even approaches the place night or day."

"Whew!"

"It is extremely important, Miss Tyler!"

"I don't doubt it. Let me use the telephone."

ODDLY enough, he appeared now to forget her entirely. She noted the way he buried his nose in papers and charts at his broad desk. Plainly he had been willing to delegate a task to her, then assume that she would do it promptly and exactly right.

She was a trifle nervous about all this. And yet, she would try! She dialed a number. Ken Palmer answered, and instantly she spoke most earnestly to him, in somewhat hushed manner.

"Ken! Ken, this is me. This is I. I mean. Look here, Ken, listen carefully. I got the job. I am out at Dr. Hale's laboratory now, at work—and listen carefully, Ken—stop whatever you're doing and go buy me one dozen rifles and one dozen pistols. No, Ken, no and no and no! Listen to me! Get

Illustrated by Ed Gunder

"Listen, Ken—" Carolyn spoke earnestly. "Stop whatever you're doing. Buy rifles, pistols. And get a dozen trusted men to use them."

a dozen of each and send them out here at once! Money is—is no consideration. Send them C. O. D. or anything.

"And Ken, hire me some—I am NOT being funny, I tell you!"

Hire me a dozen trusted men to use those guns. I mean, to stand guard around a place for Dr. Hale. . . . Yes, guard, like—well, like soldiers or police or something. Men we know, or you know, Ken. Hurry!"

Something of her intensity must have slid over the wire to him. Ken Palmer became serious, as one does with any emergency call. A minute later Carolyn was back near her employer.

"It's taken care of," she announced. "They'll be here before night."

"That's fine. There's your dictation pad. A letter for Dr. P. D. Hines, University Hall, Detroit. "Dear Dr. Hines: Miss Sorni and I hasten to report that the experiment was a complete success. Of course, I shall withhold details until adequate tests can be run. Anything but absolute secrecy would be devastating now. Also, there has been no time to prepare the necessary shields. It happened only this afternoon. Measure of the radiation is impossible today but lead plates can be arranged within a week. In any event there is grave danger at this stage, as you will realize. Leana Sorni knows every step I have taken, so that if anything should happen to me before I can have detailed reports made out, then—"

Carolyn's eyes narrowed. She stole a quick glance at him, then had to keep her pencil flying. Fortunately, she was an expert at secretarial work. Two years with an energetic banker had helped. Dr. Hale was gripping both corners of his desk now, looking straight ahead and talking. He ended this letter and went instantly into a rather technical report, referring often to his own notes as he dictated.

ABOUT 4 he paused to dismiss politely the other girls who had come hoping for a job. Carolyn felt a definite sympathy for them. At 5:20 she and Dr. Hale were interrupted again by a knock on the office door. Carolyn answered, glad of another moment of rest.

NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc., reproduction in whole or part strictly prohibited).

Washington, April 15—No one knew two weeks ago that a Russo-Japanese non-aggression pact would be signed—especially not the Russians or the Japanese. Not even a week ago did they consider it possible. But about six days back Herr Hitler started putting the heat on Stalin, Vague stories planted by him came from a variety of European sources suggesting the Nazi armies might move into the rich red wheat and oil sources of Bessarabia and the Ukraine. He even foisted the British political master, Winston Churchill, who aired such a possibility in Parliament in hopes of arousing the Russians to resentment.

Hitler knew the Reds better than Churchill. His scare campaign caused Stalin to drop demands he had made in all previous discussions about a non-aggression pact. The Red leader hurriedly abandoned his insistence upon control of the Chinese-Eastern Railway, a bigger share of oil from the Siberian-Pacific islands and territorial acquisitions as his price for such a pact.

This means Hitler alone made the treaty, and Hitler alone is apt to benefit.

The treaty is no better than the trust which the Russians and Japanese have for each other—which is nil. The Russians had a non-aggression treaty with Finland before attacking that nation. They had a non-aggression treaty with Poland, reaffirmed a few months before Stalin stabbed that nation in the back after Germany had tied its hands.

The word of the Japanese is no better. Consequently it might be said superficially (and has been said officially here) the treaty is meaningless.

Unfortunately Hitler, the maker of the treaty, is likely to give it meaning, the Japanese do not want to move further south in the Pacific at this moment and force us to war, but Hitler does. The business element in Japan is decidedly against taking on the United States. So are the people. Matsuoka himself is known to favor delay of southern expansion until some big break like German conquest of Britain or American involvement in the Atlantic, would make the task easy.

But Hitler wants our fleet kept busy in the Pacific and expects Japan to do it. Up to now the Japs have always excused themselves by telling Hitler they dare not move southward as Russia would immediately be on their necks.

This treaty, therefore, destroys the main Japanese alibi for avoiding war. If Hitler can push that crumbling country into war with us now to serve his purposes, he will do it.

BASEBALL TALENT

Lester Wareham shot us a little inside dope on a first-class baseball player that some of you hardball managers around the neighborhood might be wanting. We mentioned the news to Hi Emmert who will welcome him for practice here Sunday. The lad is Emery Meade of Oregon who is reported to be a classy outfielder, hitter or catcher.

From Jimmie Fidler's syndicated column from Hollywood, we quote the following bit of news about Dixon's former lifeguard at the Lowell park beach: "Ronald Reagan's fan mail ranks second only to Errol Flynn's among Warner males."

The Dixon trackmen's dual meet with the Rochelle thincads which was originally set for April 29 has been shifted up to April 24. The season opens next Tuesday in a meet at Princeton and the Rochelle date makes two events in one week.

In addition to the basketball lettermen and the managers who received letter awards at Dixon high school yesterday, five cheer leaders were also honored with insignias. They are Mary McKenney, Georgia Lee Davidson, Charlene Enichen, Donna Hanneken and Russell Eller.

BASEBALL RUMORS

Clet Full who played behind the plate for the Walton baseball club last season, may try out for the shortstop position of the Dixon Knacks this season, according to reports along the grapevine. Another Illinois State League player who may put in a bid for a place on the local team is Billy Grove of the West Brooklyn team of last year.

"GRADUATION"

George Webber, for many seasons associated with the West Brooklyn baseball club, has graduated from sports to the Lee County Board of Supervisors and was "seated" for the first time as the board met here yesterday.

JACK IS LOOKING FOR GAMES

Jack Harvath, manager of the Mt. Morris Cardinals baseball club, is scouting around for games for the approaching season. Jack reports that the team will have new uniforms this year and will be stronger than last season. He will be glad to hear from neighborhood managers and may be addressed at Oregon, Ill.

Opening Day of Major League Baseball Is Full of Surprises; Yankees Lose

By JUDSON BAILEY
Associated Press Sports Writer

Opening day in the big leagues couldn't have been any more surprising if Judge Landis had shown up at one of the games in a high silk hat.

By now everybody ought to be ready to expect the unexpected from their baseball favorites the first few times out, but it's demanding a lot to ask anyone to foresee such wholesale carnage as seven games produced for 195,339 fans yesterday.

The World Champion Cincinnati Reds were whipped 7-3 and Paul Derringer, their ace pitcher, knocked out of the box by the St. Louis Cardinals.

Bob Feller, whose no-hitter was the sensation of opening day last year, lasted only six innings against the Chicago White Sox this time and the Cleveland Indians were edged out 4-3.

The New York Yankees, after getting a flying start at Washington Monday, were subdued 3-1 by the Philadelphia Athletics with Lovell (Chubby) Dean pitching five-hit ball.

Brooklyn's cocky Dodgers were caught by the New York Giants, who hopped on Whitlow Wyatt for a four-run rally in the eighth inning and won 6-4.

Phillies Also Participate

Even the lowly Philadelphia Phillies participated in the surprise party, beating the Boston Bees 6-5 on the four-hit hurling of Cy Blanton, an exile from Pittsburgh.

The nearest approaches to form in the entire day were the Chicago Cubs conquering Pittsburgh 7-4 and the Boston Red Sox squeezing past the Washington Senators 7-6. And even these had their elements of surprise, as did the postponement of Detroit's opening at St. Louis because of rain after many fans already had gathered at the ball park.

The attendance for the seven games was 11,300 better than last year's total for eight contests and apparently proved that interest in baseball is as keen as ever. But the games themselves proved only that a little time will be required to shake down the standings to some semblance of their natural order.

With three exceptions pitching was not up to par yesterday and batters reaped a harvest of 133 hits including no less than 14 home runs.

Best Mound Job

The day's best mound job was Chubby Dean's, who allowed only five hits and didn't let a Yankee get, past second until the A's had the game in the bag in the ninth. He was helped considerably by a two-run homer by Sam Chapman, who had hit seven for the circuit in exhibition games.

On opening day last year Dean held the Yanks to six hits and beat them 2-1 by driving in the winning run in the tenth inning. In both games, a year apart, his victim was Red Ruffing.

The four hits Blanton gave up for the Phils included a home run with one on by Max West and another by Eddie Miller with two on, thus accounting for all Boston's runs. Joe Marty and Nick Etten homered for the Phils.

Bill Dietrich gave a steady performance opposite Feller, allowing only seven hits and never being behind. Feller, however, was

touched for five safeties in his six innings besides walking seven and hitting two batters. One of the latter was Dietrich, who was allowed to have a runner, yet continue in the game by special permission of Manager Roger Peckinpaugh of the Indians.

Largest Crowd

This game drew the day's largest crowd, 46,064, a record opening day turnout in Cleveland and approximately 6,000 more than saw the A's and Yankees.

Another gathering of 34,940 at Crosley field watched the Reds raided by the Cardinals—who turned the trick with veterans instead of with the rookies they had ballyhooed all spring.

Johnny Mize, Enos Slaughter and Ernie Koy hit home runs, 32-year-old Lon Warneke, veteran of ten years in the National League pitched the whole route and spaced ten hits, and Gus Mancuso, 35-year-old survivor of 11 big league seasons and five World Series, caught for eight innings. The only fault showed by Warneke was serving up two home run balls to Frank McCormick, Cincinnati first baseman.

Premature Thrill

Brooklyn gave its 31,604 followers a premature thrill by taking a 4-0 lead in the first four innings when Prince Hal Schumacher lost control and walked eight men. But young John Rucker put the Giants back in the running with a triple that scored two mates in the fifth and then in the eighth the Giants bunched five hits, two of them doubles, for the victory.

Chicago's triumph over the Pirates rested on a three-run homer by Bill Nicholson in the third. Lou Novikoff, the Cubs' rookie outfielder, went hitless and Lou Stringer, breaking in at shortstop, committed no fewer than four errors.

Joe Cronin and Bob Doerr hit homers for the Red Sox, but even so Boston was a beaten team until young Sid Hudson of the Senators weakened in the ninth and the Sox scored three times to nose in front.

OSCAR WITZLEB AND MRS. ESTHER PETERSON

The camera clicker who took this picture on March 30 didn't know then that he'd have a "natural" before the end of the Rock Island Argus bowling tournament. Oscar Witzleb of Dixon (now 100 bucks heavier) set an all time high when he won the men's singles event with games of 246-223-217-188-181 and a handicap of 103 for 1158. In this picture he is shown receiving his hat from Mrs. Esther Peterson, check room employe, after finishing his pleasant task. With the windup of the tournament this past week end, Mrs. Peterson topped the ladies in the singles competition with a total of 653 pins for a prize of \$35. Dick Meade of Paw Paw Predicts Dodgers Will Win League Pennant

By DICK MEADE

(Telegraph Special Service)
Paw Paw, April 16.—The 1941 National League pennant race should be a real dogfight all the way. Brooklyn and St. Louis will give the Reds plenty of trouble. As a whole the league seems to be stronger this season, with a number of teams picking up some needed strength.

Following is the way the race will wind up come world series time:

BROOKLYN—Lippy Leo Durocher has assembled with the aid of the red headed Larry MacPhail, a well balanced team. If the Dodgers get the necessary pitching, put them in the series. Wyatt, Hamlin, and Higbe give the Dodgers three fine hurlers. At present it looks like Curt Davis may have another good year and don't forget old fat Freddy Fitzsimmons and Hugh Casey, Medwick, Dixie Walker, and the sensational rookie Pete Rieser, give the Durocher crowd a fine outfield with good punch. Don't sell Paul Waner too short. The Dodgers will put a fancy fielding infield in the race, with Pee Wee Reese holding the spotlight, and Mickey Owens should help the Durocher men.

BOSTON—The Bees will not have the sting to get into sixth. They will be a good defensive club with fair pitching. Hitting should be better, but not good enough to get beyond seventh. The Bees lack catching and punch in the outfield. Old Casey Stengel will have another lean year.

PHILADELPHIA—This team should be greatly improved and Doc Prothro, a good manager, will get the best they have. Eiten, Nager, Litchfield, Livingstone, and Benjamin should improve the club a great deal. Pitching will be the greatest weakness with rookies shouldering the burden and young Melton the best of the lot.

PROMOTER ACCUSES HOSTAK OF RUNNING OUT ON FIGHT

Chicago, April 16.—(AP)—Promoter Bill Rand accused ex-champion Al Hostak of Seattle of "running out" today on a title bout with hard-punching Tony Zale of Gary, Ind., originally scheduled for May 16 at Chicago Stadium.

Zale, recognized by the National Boxing Association as the champion, whipped Hostak in a non-title fight last year before wrestling the middleweight championship from the Seattle fighter in their second meeting last July.

Rand said yesterday that he has called off the May 16 bout because Hostak's manager, Eddie Marino, demanded 20 per cent of the "gate." The promoter added that he had previously made a verbal agreement that Marino Hostak was to get 12 1/2 per cent and Zale 37 1/2.

"They know you can't put on a fight with that kind of a 'cut' for the challenger," Rand said. "Zale got only 12 1/2 per cent when he met Hostak for the title. I'm sure Hostak is just using the purse for an excuse."

"He's had all he wants of Zale and figures this is the easiest way out."

YESTERDAY'S STARS

Bill Nicholson, Cubs—Hit three-run homer to provide margin of victory over Pirates.

SUSPENDED JOCKEY TELLS STORY OF PULLING HORSES TO PREVENT TURF VICTORY

Los Angeles, April 16.—(AP)—Willis Ward, 19-year-old suspended jockey, told a superior court jury he pulled four mounts in one day of the 1939 Hollywood season but his fifth horse won despite his efforts to make it lose.

Testifying in the trial of five men on jockey-bribery charges, Ward declared he received \$200 for each race he kept his horse from winning. He said he was paid approximately \$4,000 for fixing races at Hollywood Park and Del Mar tracks in 1939.

In one seven-horse race at Del Mar on August 18, Ward testified, every rider but one was fixed, and the horse ridden by the un-bribed jockey won.

CUE WIZARD TO APPEAR HERE MONDAY

Arthur Rubin of Brooklyn, young billiardist who created a big sensation in the recent world's three-cushion championship tournament sponsored by the National Billiard Association in Chicago, has been engaged to play an exhibition here at John Vaile's Billiard Parlors April 21, at 7:30 p. m.

The cue wizard is generally accepted as the most versatile billiard star today in the game. He holds the New York State title of three-cushion, pocket-billiards and American and English snooker.

Rubin is making his first nationwide tour and his ultimate destination is Mexico City, where he will compete in a gala billiard carnival to be held there with six of the world's topflight experts.

One of the local experts will oppose Rubin in competitive play. Featuring the exhibition will be Rubin's demonstration of trick shots and his instructive explanation of the three-cushion diamond system.

New York, April 16.—(The Special Service)—The N. B. A. will ride along with Billy Conn, if it's a choice between Conn and Lou Nova for the first shot at Joe Louis... Umpire Bill Stewart is missing the first few games of the N. L. Season because of a throat operation.

People and Things—It's Capt. Wilmer Allison of the Army now... When his fighting days are over, Lou Nova will operate a health clinic featuring, of course, the Yoga method... Don't know what the trouble was down at St. Mary's (Tex) but Mose Simms, one of the most colorful coaches in the biz is looking for work... Rumor foundry has it that Tex Carleton, who twirled that no hitter last year, is on his way out as a Dodger... If you should happen to yell "Specs" seven members of the Minnesota baseball team would come a-running.

He's Asking For It—The other day Jesse Linticum wrote in the Baltimore Sun: "The Kentucky Derby, a trial for the Preakness, will be run May 3 and the Preakness a week later"...

The tunnels down in Kentucky are getting out their shooting irons and they're calling the clans together... For once, the Hatfields and the McCoy's will be lined up on the same side... P. S. Col. Matt Winn's doctors hope to have him out of bed in time to attend the "Preview."

Sports Cocktail—Trotting horse men are in a lather lest Gov. Lehman move the dates for the N. Y. state fair back to Labor day week, which would play the very Dickens with the Indianapolis grand circuit meeting...

Mike Jacobs, who has handled more seats than any other guy in the sports racket, couldn't buy one for the baseball opener in Washington... Joe McCarthy says Bob Feller is a 25 per cent start toward a pennant... Wallace Wade thinks Ace Parker can earn a good living as a golf pro when his football and baseball days are over... When Fraak Melton of the Phils was with the Baltimore club, he wore a silver dollar as a watch charm... That is, until the opposition knocked him out of the box eight times in a row.

Today's Guest Star—Art Cohn, Oakland Tribune: "Secret of Lou Nova's 'cosmic punch' is to punch always 'down toward the earth'... It makes no sense to me either, chum."

Ward, filed a civil suit yesterday against the five defendants in the jockey bribery trial and 11 other men, demanding \$37,000 damages on the grounds they had ruined his racing career.

On trial are Bernard and William Elmsloss, Benjamin Chapman, I. W. Kivel and Sol Greenberg. Named with them as defendants in the civil damage suit are J. J. Murphy and 10 men listed as John Docks.

Such an arrangement should prevent the kind of confusion that attended last year's regatta, when the final race was finished in pitch darkness after it had been announced that the race had been postponed until the next day.

Although navy will not row at Poughkeepsie this year and Pennsylvania has been absent for several seasons, Bushnell expects at least seven crews in the varsity race. Washington, the 1940 winner, California, Cornell, Columbia, Syracuse, Princeton and Massachusetts Tech he considers certain starters and Wisconsin probably will row.

An estimated 2,100,000 farms in the U. S. are being served by some form of electric power.

Republican Trend

Continues Strong in City Elections

Kankakee Voters Lead Way in Municipal Poll Yesterday

(By The Associated Press)
Republican candidates for mayor and various other city offices generally emerged victorious yesterday as downstate voters balloted in municipal elections.

But there were several Democratic winners despite the "G. O. P. trend" evinced in last November's general election and subsequent local balloting.

In Waukegan, for example, Mancel Talcott, the Republican incumbent who had served one two-year and one four-year term, fell before his Democratic opponent, Frank C. Wallin, by a margin of 2,880 votes.

At Moline, Democratic Mayor A. Henry Arp managed to retain his post in the closest municipal election in the city's history. He defeated Alderman Hjalmer Oakleaf, Republican, 6,627 to 6,379. The G. O. P., however, elected a city clerk, city treasurer and four of seven aldermen.

Other Democratic mayors chosen included Berthold Borden, Mt. Vernon, and John Taylor, Litchfield.

Robert P. Galbraith was re-elected Republican mayor of Rock Island over John A. Bengston, Democrat, 8,754 to 6,109. The G. O. P. also captured offices of city clerk and treasurer and six of the seven aldermanic seats at stake.

Kankakee Strongly G. O. P.
It was left to Kankakee to demonstrate the most striking evidence of Republican resurgence. The G. O. P. ticket was given the largest majorities in its history, the sweep re-electing Albert F. Hattenburg as mayor by 6,405 to 1,981 over his Democratic opponent, Ed Laroque. Republican aldermanic candidates carried all seven wards, and the party's choices for clerk, treasurer and police magistrates scored top-heavy victories.

Ernest Hoagland, a four Republican aldermen were swept into office at Jacksonville, Hoagland piling up 4,055 votes to 3,014 for the Democratic opponent, Herbert H. Vasconcellos.

Alderman Ralph Koehnle, Republican, defeated William Comstock, former police chief, for mayor of Lincoln and all other G. O. P. candidates were swept into office.

Some Other Results
At Canton, S. E. Gustine, former chairman of the board of supervisors, was elected mayor on the Citizens' ticket by a majority of 1,175 votes over former Sheriff Joe Wheeler, who ran on an independent-fusion ticket.

Former Mayor Harry M. Perkins was elected over a field of four at Belvidere, defeating Mayor Perry A. Crotty, in office since 1935. The balloting was non-political.

Communities which voted wet included: Monmouth, Macon, Mahomet, Broadlands, McLean, Paxton, Newman, Arcola, Monticello, Edinburg, Robinson, Orling, Stoy, Olney, Newton, Shelbyville and Geneseo.

Dry won in Argentina, Ballflower, Weldon, Downs, Greenfield, Rochester, Shipman, St. Elmo, Claremont (by one vote), Wayne City, Findlay, Tower Hill and Moweaqua.

Kankakee and Tremont voters decided to try daylight saving time, but the proposal was defeated in Canton and Belvidere.

And Easton voters posed this puzzle:
They voted for a waterworks system, 111 to 109, but defeated a bond issue to pay for it!

Tall people are said to require more food nourishment because of larger skin surfaces and radiation of body heat.

Two Dixonites Face Charges Friday in Ogle County Court

Ivan Nehring, 33, of Dixon; Leo Potts, 35, of Sterling, and Leville Shank, 30, of Dixon were held under bonds of \$1,000 each in Ogle County Tuesday, the first two on charges of vagrancy and Shank on charges of driving an automobile while intoxicated, and their hearing set for Friday. They were unable to furnish bail and were remanded to the Ogle county jail.

Potts and Nehring will be arraigned before Justice of the Peace Chester A. Landers while Shank will appear before County Judge Philip H. Nye. Potts was originally arrested for driving while intoxicated but the charge later was changed with vagrancy.

The three were arrested Saturday morning as they drove into Forreston in an automobile. Potts was arrested by Forreston police and the other two ran away but were picked up later by Sheriff James White. The three have been in the county jail since their arrest. Their bonds were set at \$500 each at the time of their arrest.

People's Column

RURAL FIRE PROTECTION. It is not the intention of the undersigned to enter into a controversy, but to make known to our suburban and rural friends a few facts which have long been known to the members of the Dixon fire department and some others who are interested.

The community fire truck is entirely inadequate for the service expected of it. It was bought by subscription and as is well known, it has not power enough to pull the load. It is 12 years old and has enough age to make it expensive to maintain and is inefficient in operation. The fees charged to non-subscribers are used for maintenance, and the City of Dixon or the Dixon fire department do not derive any benefit, other than the use of the truck in case of need.

The two firemen who respond to rural calls are expected to operate the machine and direct any volunteers who may be present in the work of fighting a fire, and they cannot be expected to know the location of wells and cisterns, keep the tanks full of water, and all of the other items of work at a fire of major proportions, but merely operate the machine and direct others in handling the equipment at hand.

The solution of this problem, as outlined in a recent article printed in the Dixon Telegraph, is the organization of a fire protection district, exclusive of the city, obtaining an approved rural fire truck and organize a rural fire department. The undersigned would be very happy to meet any interested parties and furnish information and assist with this work.

Sam Cramer, Chief, Dixon Fire Department
